We are authorized to announce JOHN L. HUBBARD a candidate before the Board of Commissioners for the office of Superintendent of Public Schools of Lawrence County.

FOR POLICE JUDGE.  
We are authorized to announce HENRY WISE FERGUSON a candidate for Police Judge of Louisa.

John Kelly, Tammany Hall Chief died the 1st inst.

The President has expressed himself delighted with his visit to Deer Park.

Maxwell has been sentenced to death at St. Louis for the murder of W. A. Pfeiffer.

Lieutenant-Governor Hindman is a candidate for Congress in the Eleventh District.

Richard Croker has become leader of Tammany since John Kelly. He greatest Sachem is dead.

The Blue Grass Clipper say that "another legislative session of one hundred and forty days will teach the people of Kentucky that they should have a new constitution."

Daniel Manning has tendered his resignation as Secretary of the Treasury. President Cleveland has not accepted it, and Mr. Manning, at the President's request, has taken a leave of absence until the first of October, and is now at Hot Springs, Va.

On the outrageous gerrymandering of the State by the Ohio fraudulent Legislature the Courier-Journal suggested that the job would be incomplete unless it provided a seat in Congress for R. B. Hayes. That individual, while declining to become a candidate, says to a reporter: "I wholly agree with you that there could be no more perfect type of the citizen than the man who, having been President, could disrobe himself of that office and become at once the simple citizen." The trouble with Hayes is, however, that he can not "disrobe himself of that office" of which he disrobed another man. His robe is too much like a shirt of Nessus. It will not off. —Courier-Journal.

The President has purchased a house in the suburbs of Washington, on the Tenallytown road. The house is a two and one-half story stone mansion, elegantly situated on high ground, commanding a fine view of the surrounding country and to which is attached twenty nine acres of ground. It is said to be the purpose of the President to occupy this house during the summer months, and at other periods of the year when he desires to be safe from intrusion while he has any special labor to perform. It is also reported that the President will make considerable improvement in the house, adding an additional story and erecting a tower, which will give a view of the Potomac River as far as Mount Vernon. This would indicate that Mr. Cleveland intends to make Woodley, the name by which the estate is known, his home after retiring from the Presidency. The price paid for the property was \$21,500. It is less than thirty minutes' drive from the White House.

A Lexingtonian who wants Carlisle to be Senator.  
[Lexington Drummer.]

The latest news from Washington is to the effect that Senator Blackburn will oppose the re-election of Senator Beck. There are a good many people in Kentucky who will follow Joseph in that direction. Senator Beck has been highly honored by the people of Kentucky, and we fail to see in his present course, and in his continued non-residence during the past few years, a proper appreciation or recognition of what they have done for him. Whether justly or unjustly, for some time there has been a growing belief that Senator Beck is eminently selfish. That is, desirous of appropriating honors without a due regard for the donors. We acknowledge that Mr. Beck is a man of ability but we do not believe that a State should invest with senatorial honors even an able man who practically expatriates himself, losing identity with and sympathy for his people. The people want to be represented by one of themselves. Such a man is John G. Carlisle, whose ability, clear-headedness and statesmanship are acknowledged by even his political enemies. Upon his shoulders should fall the senatorial toga. Besides, some other section of Kentucky than the Blue Grass, should have an occasional bite of the pie. In the past we have been greedy—even hoggyish. Eastern, southern and western Kentucky want a bite, and they should have it. In Carlisle, northern Kentucky would be satisfied. Then when Joe Blackburn's term is out, give south-west Kentucky his successor, while we Blue Grass people take a rest and get ready to go for all in sight again.

The farmers in this vicinity are very busy working and replanting corn. Out-worms have been unusually bad. Wheat crops are tolerably good. Every body has to bug their potatoes.

Unusually lively times at the Falls of Blaine this summer.

Six or eight ox teams are running daily from here to Fullers and Brannan stations, hauling bark and crosties.

The big fish that was caught here a short time ago weighed 41½ pounds and measured three feet and eight inches in length.

Lee Ekins, who has been sick so long with Consumption, was hauled to the water and immersed the other day, and publicly announced that he felt better.

Jack Marcum and Elisha Ferguson, who have been quarreling so long, began again this other day and resulted in Jack getting his gun and taking deliberate aim at Ferguson, killing him almost instantly. Exciting times in the Marcum neighborhood.

Considering all the to-do and nonsense incident to the marriage of Mr. Cleveland, the next bachelor President of the United States will scarcely venture to wed in the regular way. He will pick his girl and elope with her. —Courier-Journal.

Peter Postell, colored, of Hopkinsville, pays taxes on \$10,835 worth of property.

THOUSANDS SAY SO.

## Happiness

results from that true contentment which indicates perfect health of body and mind. You may possess it, if you will purify and invigorate your blood with Ayer's Sarsaparilla. E. M. Howard, Newport, N. H., writes: "I suffered for years with scrofulous humors. After using two bottles of Ayer's Sarsaparilla, I

## Found

great relief. It has entirely restored me to health." James French, Atchison, Kan., writes: "To all persons suffering from Liver Complaint, I would strongly recommend Ayer's Sarsaparilla. I was afflicted with a disease of the liver for nearly two years, when a friend advised me to take this medicine. It gave prompt relief, and has cured me." Mrs. H. M. Kidder, 41 Dwight St., Boston, Mass., writes: "For several years I have used Ayer's Sarsaparilla in my family. I never feel safe, even

## At Home

without it. As a liver medicine and general purifier of the blood, it has no equal." Mrs. A. B. Allen, Winterport, Va., writes: "My youngest child, two years of age, was taken with Bowel Complaint, which we could not cure. We tried many remedies, but he continued to grow worse, and finally became so reduced in flesh that we could only move him upon a pillow. It was suggested by one of the doctors that Scrofula might be the cause of the trouble. We procured a bottle of

## AYER'S Sarsaparilla

and commenced giving it to him. It surely worked wonders, for, in a short time, he was completely cured."

Sold by all Druggists.  
Price \$1; Six bottles, \$5.

## THE COMMONWEALTH.

**Louisville Leaf Tobacco Market.**  
There is but little change of price in any type or grade. Everything is either steady or firm, and we note an advance in medium and good dark leaf and burley lugs. The better grades have not been tested to any great extent. The progress of planting northward has been checked south of the central belt. The rain factor will proceed to loom as a matter of increasing interest, and its importance will increase, as usual, the longer it may prolong its absence. The crop ought to be pitched by June 30, and there is no greater reason than usual in sight at present why it should not. A week later than in 1885, 50 per cent. of the crop had been planted, but in the same week in 1884 it was also announced that only 10 per cent. had been planted. The latter crop was not only the larger, but also the largest on record. We quote 1884 tobaccos as follows for full weight packages:

	Dark and Heavy.	Burley.
Trash	\$1 75 2 25	\$2 00 2 25
Common lugs	2 75 3 75	4 25 5 75
Medium lugs	3 75 4 75	5 50 6 00
Good lugs	5 00 5 75	6 25 6 75
Common leaf	6 00 6 75	7 00 7 25
Medium leaf	6 75 7 25	8 00 8 25
Good leaf	7 25 7 75	8 25 8 75

Mrs. ROBERT KIMBROUGH died suddenly of heart disease at the residence of her daughter, Mrs. F. M. Curl, Cynthia.

A POST-OFFICE has been established at Gaw, Davies County, and John Gaw commissioned postmaster.

A BLIND race horse called Dynamite, ran into the fence at Latonia and was instantly killed. The jockey was slightly hurt.

HUGH KARBON, of Carrollton, and James Streeter, of Milton, have been appointed store-keepers, and Simeon Cook, of Shelby County, a gauger in the Sixth Kentucky Internal Revenue District.

NEWPORT is badly in need of a new Government building.

The nomination of Peter Nodder to be postmaster at Covington, has been confirmed by the Senate.

A HORSE became frightened at a locomotive near Frankfort the other day, and dragged Mrs. W. M. Hammond, who was trying to hold him down an embankment into the Kentucky river. Edward Grant, of Frankfort, jumped from the engine and succeeded in swimming out with the lady, who it is feared was badly injured.

Mrs. JAKE THOMPSON and Mrs. Charles Riggs were out buggy-riding at Carlisle, when the horse became frightened and ran away. Mrs. Thompson jumped out and saved herself, but Mrs. Riggs was thrown over a bridge abutment, a distance of forty feet, into a creek, and her life is despaired of. She has only been married two months.

TWENTY years ago, in Grant County, G. W. Osborn and Samuel Anderson, sons of prosperous farmers, quarreled about the sale of sheep, and Anderson shot and killed Osborn. It was said to have been an unprovoked murder, and Anderson fled the State and disappeared. A short while ago a man forty years old, haggard and worn, returned to the scene of the crime, which had almost been forgotten, and gave himself up, saying he was Osborn's slayer. He was disbelieved at first, but the matter was investigated and new indictments were made out, and the case has been called for trial.

FRANK BOURNE, a well-known Kentucky outlaw, who has been operating in Kentucky as a horse-thief for twenty-five years, has come to his end by his own hand. He cut his throat late the other night at the home of his old demerol mother, three miles west of Nicholasville. It was not known that he was in the county or State, as he has jumped several bail bonds, and a number of indictments are on the criminal court records. Since he was convicted, and got a new trial and several postponements, and finally a change of venue to Versailles, where he broke jail, he has not been heard from, except once in Missouri, where he eluded a mob.

JOSHUA LAMB was shot and killed by John Padgett at Polly's Bend, in Girard County. The difficulty originated over the ownership of a kettle, and after a knock-down and scuffle, Padgett shot.

Mrs. ELIZABETH SPEER, aged fifty, fell down a pair of stairs at her home in Louisville, sustaining terrible injuries.

JAMES BAXTON, a brute who inveigled a little girl named Vanderheid into a deserted house in Louisville, on the 14th of April and bit her cheek and took improper liberties with her without accomplishing his hellish design, was convicted and sentenced to the full limit of twenty years.

WM. MOODY, aged sixteen years, who lived with his father, Thomas Moody, just across the Bath line in Rowan County, met a horrible death near his home the other evening. He was riding a horse, with the plow-gears on him, to work in a cornfield, when the animal suddenly became frightened, and running away threw his rider, one of whose feet became entangled in the gearing, and with his head and shoulders on the ground was thus dragged a distance of a half mile, with the horse going at full speed. In this condition he survived until dashed against a log which lay in the way, which put an immediate end to his life. The skull was crushed and the body and face fearfully bruised and lacerated. The horse was supposed to be perfectly gentle, as he had never been known to scare before.

At Louisville, the other morning, Alexander Long, a well-known blacksmith, aged fifty-one years, was discovered bathing his feet in the basin of the west fountain in the court-house yard. When approached he exhibited signs of insanity, and was shortly afterward taken before a jury in the circuit court. As he entered the bar he said he had been in the habit of saying the Lord's Prayer every time he entered a court-room, and asked Judge Jackson's permission to repeat it. Without waiting he began to repeat the prayer in a reverent tone, and the scene was a most unexpected and in some respects ludicrous one. When he got through he addressed the jury, and quickly convinced them of his insanity. He was ordered to Annapolis Asylum.

The condition of the corn crop in this State is reported at 80 per cent., and the acreage at 98, by the Commissioner of Agriculture. There is general complaint of the "cut-worm," many of the crops having been planted the second and some the third time. The condition of the wheat crop is 102 per cent., and the acreage 86 per cent. The hail-storm of the 12th of May did much damage to wheat, rye, barley and hemp crops in the counties of Fayette and Woodford.

The court-house at Covington is receiving an overhauling and renovation.

This Campbell County Agricultural Society will hold an annual fair at Alexandria commencing August 31.

## AN OPIUM EATER'S STORY.

**Crawling Over Red Hot Bars of Iron in His Fearful Torment. A Scientific Investigation and Its Results.**

*Cincinnati Times-Star.*

"Opium or death!"  
This brief sentence was fairly hissed into the ear of a prominent druggist on Vine street by a person who, a few years ago well off in to-day a hopeless wreck!  
One can scarcely realize the sufferings of an opium victim. De Quincy has vividly portrayed it. But who can fully describe the joy of the rescued victim!

H. Wilson, of Loveland, O., formerly with March, Harwood & Co., manufacturing chemists of St. Louis, and of the well-known firm of H. C. Wilson & Co., chemists, formerly of this city, gave our reporter yesterday a bit of thrilling personal experience in this line.

"I have crawled over red hot bars of iron and coals of fire," he said, "in my agony during an opium frenzy. The very thought of my sufferings freezes my blood and chills my bones. I was then eating over thirty grains of opium daily."

"How did you contract the habit?"

"Excessive business cares broke me down and my doctor prescribed opium! That was the way mine—death of cases commenced. When I determined to stop, however, I found I could not do it."

"You may be surprised to know," he said, "that two-fifths of the slaves of morphine and opium are physicians. Many of these I met. We studied our cases carefully. We found out what the organs were in which the appetite was developed and sustained; that the victim was free from a demoralized condition of those organs, and the hope of a cure depended entirely upon the degree of vigor which could be imparted to them. I have seen patients, while undergoing treatment, compelled to resort to opium again to deaden the horrible pain in those organs. I marvel how I ever escaped."

"Do you mean to say, Mr. Wilson, that you have conquered the habit?"

"Indeed I have."

"Do you object to telling me how?"

"No, sir. Studying the matter with several opium-eating physicians, we became satisfied that the appetite for opium was located in the kidneys and liver. Our next object was to find a specific for restoring those organs to health. The physicians, much against their code, addressed their attention to a certain remedy, and became thoroughly convinced of its scientific merits alone that it was the only one that could be relied upon in every case of disordered kidneys and liver. I thereupon began using it, and supplementing it with my own special treatment, finally got fully over the habit. I may say that the most important part of the treatment is to get those organs first into good working condition, for in them the appetite originates and is sustained, and in them over ninety percent of all other human ailments originate."

"For the last seven years this position has been taken by the proprietors of that remedy and finally it is becoming an acknowledged scientific truth among the medical profession; many of them, however, do not openly acknowledge it, and yet, knowing they have no other scientific specific, their code not allowing them to use it, they lay it upon the quiet and prescribe it in their own bottles."

"As I said before, the opium and morphine habits can never be cured until the appetite for them is routed out of the kidneys and liver. I have tried everything—experimented with every thing, and as the result of my studies and investigation, I can say I know nothing can accomplish this result but Warner's safe cure."

"Have others tried your treatment?"

"Yes, sir, many; and all who have followed it fully have recovered. Several of them who did not first treat their kidneys and liver for six or eight weeks, as I advised, completely failed. This form of treatment is always insisted upon for all patients, whether treated by mail or at the Loveland Opium Institute, and supplemented by our special private treatment, 'Hood's cures.'"

Mr. Wilson stands very high wherever known. His experience is only another proof of the wonderful and conceded power of Warner's safe cure over all diseases of the kidneys, liver and blood, and the diseases caused by derangements of those organs. We may say that it is very flattering to the proprietors of Warner's safe cure that it has received the highest medical endorsement and, after persistent study, it is admitted by scientists that there is nothing in materia medica for the restoration of those great organs that equals it in power. We take pleasure in publishing the above statements coming from so reliable a source as Mr. Wilson, and confirming by personal experience what we have time and again published in our columns. We also extend to the proprietors our hearty congratulations on the results wrought.

—A Natchez (Miss.) couple, aged five and six years respectively, undertook to elope recently. The bride expectant had her little trunk packed and was ready to fly when her unsentimental mother cured her of her love disease by a methodical application of her slipper.

It is the "duck of a bonnet" that makes a young girl's head swim.

The beneficial results produced by the use of Hall's Hair Restorer are so wonderful, Ayer's Hair Cure is warranted a sure cure for all malodorous disorders.
